

I've lived in New Jersey all 45 years of my life. Prior to about a year ago, the number of unsolicited sales calls we were getting at home and at my office was terrible, maybe 5 or 10 day. During the last year this number has dramatically dropped to maybe 1 or 2 a week. NEW JERSEY'S LAW IS WORKING! DONT CHANGE IT! Would be nice if FAX Spam and EMAIL Spam could also be reduced so successfully.

Thank you.
